ABOUT ME

Motivated IT undergraduate with hands-on experience in **software development and project management**, currently working as a **Project Management Intern at Airport & Aviation Services (Sri Lanka) – IT Division**. Comfortable working with cross-functional teams, coordinating tasks, tracking progress, and supporting projects from planning to delivery. A quick learner with strong communication skills and a genuine interest in building well-organized, impact-driven tech projects.

WORK EXPERIENCE

Project Management Intern

Airport & Aviation Services (Sri Lanka) – IT Division (AASL)

2025 – Present

- Assist in planning and coordinating IT projects across multiple stakeholders
